## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 19, 2007 has been entered.

### ***Allowable Subject Matter***

2. Claims 1 and 3-16 are allowed.

3. The following is an examiner's statement of reasons for allowance: Stanley and Karaguleff (newly cited), and Makio (previously relied upon) discloses switch configurations wherein the optical axes of two fibers are substantially parallel and the optical axis of a third fiber is skewed with respect to the other optical axes. However, Stanley and Karaguleff do not disclose or reasonably suggest an integrally formed lens block comprising collimating lenses positioned side by side in the device body, each collimating lens having a same focal length, two of the collimating lenses having parallel optical axes and the optical axis of the third collimating lens being skewed with respect to the optical axes of the two collimating lenses, a prism, and switching mirror insertable into and removable from between the lens block and the prism, as recited in claim 1. Furthermore, Chen et al. (previously relied upon) discloses all the optical axes of the two collimating lenses to be parallel and does not disclose or reasonably suggest the third collimating lens having a skewed optical axis. The prior art of record does not disclose or

reasonably suggest all of the claimed limitations. Therefore, claims 1 and 3-16 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
